

# Model 3095MV: a revolution in DP flow measurement.

---

## Key benefits

- Mass flow rate
- 1% of rate accuracy
- 8:1 range of measured flow rate
- 4 measurements in 1 device ( $Q_m$ , DP, P, and T)
- Installation savings to \$2,100
- Easy to install and configure with the *Engineering Assistant*
- Proven technology, low risk
